

1 Interview Questionnaire

1.1 Questionnaire

Q1. How many years of experience do you have participating in technical meetings (e.g., university course lectures, industry meetings, technical presentations)?

☐Less than 1 year, ☐1-3 years, ☐3-5 years, ☐More than 5 years

Q2. How frequently do you watch recorded technical meeting videos?

☐Rarely,
☐Occasionally (several times per month),
☐Frequently (several times per week),
☐Very frequently (multiple times per day)

Q3. What challenges have you encountered when watching or reviewing technical meeting videos?

Q4. For what purposes do you typically watch or review technical meeting videos?

Q5. Many technical meeting videos contain a large number of diagrams (e.g., architecture diagrams, UML diagrams, data flows). What challenges do you typically encounter when trying to understand diagrams in such videos?

Q6. In your experience, how difficult is it to obtain information from diagrams presented within technical meeting videos?

☐Very easy, ☐Easy, ☐Difficult, ☐Very difficult

Q7. Have you used any tools in the past to assist you when watching or reviewing technical meeting videos? If yes, what are they?

Q8. Please rate the following statement:

With the help of LMVQA, I found it (☐Very easy, ☐Easy, ☐Difficult, ☐Very difficult) to understand the diagrams in the video.

Q9. How accurate do you find LMVQA's answers to questions in general?

☐Very accurate, ☐Accurate, ☐Somewhat accurate, ☐Not accurate

Q10. How accurate do you find LMVQA's answers to questions specifically about diagrams (e.g., component relationships, data flows, system architecture)?

☐Very accurate, ☐Accurate, ☐Somewhat accurate, ☐Not accurate

Q11. How accurate was LMVQA in tracing its answers to their sources (e.g., indicating the correct time stamp in the video)?

☐Very helpful, ☐Helpful, ☐Somewhat helpful, ☐Not helpful

Q12. What specific benefits have you observed while using LMVQA?

Q13. Please rate the following statement:

I found LMVQA to be a useful assistant for understanding technical meeting videos with diagrams.

☐ *Strongly agree*, ☐ *Agree*, ☐ *Neutral*, ☐ *Disagree*, ☐ *Strongly disagree*

Q14. *Do you have any additional comments or insights you would like to share regarding your experience with LMVQA?*

1.2 Interview Transcript #1

Q1. How many years of experience do you have participating in technical meetings (e.g., university course lectures, industry meetings, technical presentations)?

☐ Less than 1 year, ☐ 1-3 years, ☒ **3-5 years**, ☐ More than 5 years

Q2. How frequently do you watch recorded technical meeting videos?

☐ Rarely,
☒ **Occasionally (several times per month),**
☐ Frequently (several times per week),
☐ Very frequently (multiple times per day)

Q3. What challenges have you encountered when watching or reviewing technical meeting videos?

Sometimes the audio isn't very clear, so it can be hard to understand. Also, some of the videos are quite long, which makes it difficult to remember all the details.

Q4. For what purposes do you typically watch or review technical meeting videos?

To recall the information in the videos.

Q5. Many technical meeting videos contain a large number of diagrams (e.g., architecture diagrams, UML diagrams, data flows). What challenges do you typically encounter when trying to understand diagrams in such videos?

When the video resolution isn't very good, it's hard to clearly see the diagrams. Also, the workflows shown in the diagrams are a bit difficult to understand and summarize.

Q6. In your experience, how difficult is it to obtain information from diagrams presented within technical meeting videos?

☐ Very easy, ☒ **Easy**, ☐ Difficult, ☐ Very difficult

Q7. Have you used any tools in the past to assist you when watching or reviewing technical meeting videos? If yes, what are they?

Yes, I've used the meeting assistant feature in Zoom before.

Q8. Please rate the following statement:

*With the help of LMVQA, I found it (☒ **Very easy**, ☐ Easy, ☐ Difficult, ☐ Very difficult) to understand the diagrams in the video.*

Q9. How accurate do you find LMVQA's answers to questions in general?

☒ **Very accurate**, ☐ Accurate, ☐ Somewhat accurate, ☐ Not accurate

Q10. How accurate do you find LMVQA's answers to questions specifically about diagrams (e.g., component relationships, data flows, system architecture)?

☒ **Very accurate**, ☐ Accurate, ☐ Somewhat accurate, ☐ Not accurate

Q11. How accurate was LMVQA in tracing its answers to their sources (e.g., indicating the correct time stamp in the video)?

☐ Very helpful, ☒ **Helpful**, ☐ Somewhat helpful, ☐ Not helpful

Q12. What specific benefits have you observed while using LMVQA?

When I watch the videos for the first time, it can help me understand the terminology. And when I rewatch them, it can help me jump to the sections I need.

Q13. Please rate the following statement:

I found LMVQA to be a useful assistant for understanding technical meeting videos with diagrams.

☒ **Strongly agree**, ☐ Agree, ☐ Neutral, ☐ Disagree, ☐ Strongly disagree

Q14. Do you have any additional comments or insights you would like to share regarding your experience with LMVQA?

It would be helpful to have a more user-friendly interface. Also, the response time could be improved.

1.3 Interview Transcript #2

Q1. How many years of experience do you have participating in technical meetings (e.g., university course lectures, industry meetings, technical presentations)?

☐ Less than 1 year, ☐ 1-3 years, ☐ 3-5 years, ☒ **More than 5 years**

Q2. How frequently do you watch recorded technical meeting videos?

☐ Rarely,
☐ Occasionally (several times per month),
☒ **Frequently (several times per week)**,
☐ Very frequently (multiple times per day)

Q3. What challenges have you encountered when watching or reviewing technical meeting videos?

Even a few days after watching technical meeting videos, I often find it difficult to remember the details they contain. Moreover, when I am looking for a specific piece of information, I usually have to spend a lot of time watching the video to find the answer.

Q4. For what purposes do you typically watch or review technical meeting videos?

I mainly watch or review technical meeting videos to understand the topics being discussed, such as new technologies or the introduction of a new system. In some cases, I also watch them to better understand the rationale behind certain decisions.

Q5. Many technical meeting videos contain a large number of diagrams (e.g., architecture diagrams, UML diagrams, data flows). What challenges do you typically encounter when trying to understand diagrams in such videos?

When a diagram is too large to fit on the screen, it becomes difficult to understand.

Q6. In your experience, how difficult is it to obtain information from diagrams presented within technical meeting videos?

☐ Very easy, ☒ **Easy**, ☐ Difficult, ☐ Very difficult

Q7. Have you used any tools in the past to assist you when watching or reviewing technical meeting videos? If yes, what are they?

No, I haven't used any tools for this purpose before.

Q8. Please rate the following statement:

*With the help of LMVQA, I found it (☐ Very easy, ☒ **Easy**, ☐ Difficult, ☐ Very difficult) to understand the diagrams in the video.*

Q9. How accurate do you find LMVQA's answers to questions in general?

☐ Very accurate, ☒ **Accurate**, ☐ Somewhat accurate, ☐ Not accurate

Q10. How accurate do you find LMVQA's answers to questions specifically about diagrams (e.g., component relationships, data flows, system architecture)?

☐ Very accurate, ☒ **Accurate**, ☐ Somewhat accurate, ☐ Not accurate

Q11. How accurate was LMVQA in tracing its answers to their sources (e.g., indicating the correct time stamp in the video)?

☐ Very helpful, ☒ **Helpful**, ☐ Somewhat helpful, ☐ Not helpful

Q12. What specific benefits have you observed while using LMVQA?

When the video quality is not very good, LMVQA helps me better understand what is happening. In addition, if I need to review a video that I watched a week or two ago, I can quickly find the specific information I am looking for instead of having to watch the entire video again.

Q13. Please rate the following statement:

I found LMVQA to be a useful assistant for understanding technical meeting videos with diagrams.

☐Strongly agree, ☒**Agree**, ☐Neutral, ☐Disagree, ☐Strongly disagree

Q14. Do you have any additional comments or insights you would like to share regarding your experience with LMVQA?

Overall, my experience with LMVQA has been positive, but I noticed that some details in the diagrams are not always handled well, which sometimes leads to answers that are not entirely accurate.

1.4 Interview Transcript #3

Q1. How many years of experience do you have participating in technical meetings (e.g., university course lectures, industry meetings, technical presentations)?

☐Less than 1 year, ☐1-3 years, ☐3-5 years, ☒**More than 5 years**

Q2. How frequently do you watch recorded technical meeting videos?

☐Rarely,
☒**Occasionally (several times per month),**
☐Frequently (several times per week),
☐Very frequently (multiple times per day)

Q3. What challenges have you encountered when watching or reviewing technical meeting videos?

The main challenges I faced are that there are many of these videos and they tend to be quite long, so watching them is very time-consuming. In addition, when I have a specific question, it is often difficult to know exactly where in the video the relevant information can be found.

Q4. For what purposes do you typically watch or review technical meeting videos?

I mainly watch them to obtain information related to product consultations.

Q5. Many technical meeting videos contain a large number of diagrams (e.g., architecture diagrams, UML diagrams, data flows). What challenges do you typically encounter when trying to understand diagrams in such videos?

I find these diagrams quite easy to understand, so I haven't really faced any difficulties with them.

Q6. In your experience, how difficult is it to obtain information from diagrams presented within technical meeting videos?

☒ **Very easy**, ☐ Easy, ☐ Difficult, ☐ Very difficult

Q7. Have you used any tools in the past to assist you when watching or reviewing technical meeting videos? If yes, what are they?

I have used several public generative AI tools, including GPT and Claude, as well as the AI tool provided by YouTube.

Q8. Please rate the following statement:

*With the help of LMVQA, I found it (☐ Very easy, ☐ Easy, ☐ Difficult, ☒ **Very difficult**) to understand the diagrams in the video.*

Q9. How accurate do you find LMVQA's answers to questions in general?

☐ Very accurate, ☐ Accurate, ☐ Somewhat accurate, ☒ **Not accurate**

Q10. How accurate do you find LMVQA's answers to questions specifically about diagrams (e.g., component relationships, data flows, system architecture)?

☐ Very accurate, ☐ Accurate, ☐ Somewhat accurate, ☒ **Not accurate**

Q11. How accurate was LMVQA in tracing its answers to their sources (e.g., indicating the correct time stamp in the video)?

☐ Very helpful, ☒ **Helpful**, ☐ Somewhat helpful, ☐ Not helpful

Q12. What specific benefits have you observed while using LMVQA?

It is helpful for summarizing the videos and for finding answers to specific questions.

Q13. Please rate the following statement:

I found LMVQA to be a useful assistant for understanding technical meeting videos with diagrams.

☐ Strongly agree, ☐ Agree, ☒ **Neutral**, ☐ Disagree, ☐ Strongly disagree

Q14. Do you have any additional comments or insights you would like to share regarding your experience with LMVQA?

First, having an easy-to-use interface would improve the experience. Second, the system could be more accurate in understanding diagrams.
